Rowley-Bailey.

Miss Mary Bishop Rowley and Mr. Harry O. Bailey gave their friends and friends a sort of sudden jolt and surprise party last Monday. Miss Rowley started for Savannah for a visit to relatives while Mr. Bailey was to see her off at Palatka. Instead, after reaching Palatka Mr. Bailey procured the marriage license and the happy young people were married by Rev. Howard Duff, pastor of St. James Methodist church Palatka at the Parsonage and left on the afternoon train for Jacksonville Savannah and other points. Wire to the homefolks next day told what had happened.

Mr. and Mrs. Bailey returned yesterday and will go to housekeeping in the Spink cottage. They are being showered by the best wishes and congratulations of their many friends.

At the monthly meeting of the board of county commissioners on Tuesday, the sum of two hundred dollars was voted to help Hastings in building a jail. Notice was given that the petition for a wet or dry election would be presented at the next meeting. It was the intention to put this proposition before the board Tuesday, but two petitions from the south end and one from the north end of the county did not reach the central committee in time to be checked and used, so action was deferred for thirty days. Mr. Geo. Beach made a proposition to the board that if the county would give twenty prisoners for the work, furnishing guard and board, he would furnish \$1000 bond to complete hard-surfaced road from Putnam line to Deep Creek bridge. It is almost a year since the subject of connecting with the Palatka road was placed before them, and what has been accomplished? Less than a half a mile built through a field or two and ending at the edge of the swamp. The money was well expended, but it might as well been thrown in Cracker Swamp for any benefit it is to the citizens of the county.—Hastings Advocate.

E. Noble Calhoun, Esq., of Palatka is becoming more identified with professional and business interest in St. Augustine and spending more and more of his time in that city much to the regret of his Putnam County friends. He recently resigned as counsel for the Putnam County Board of County Commissioners and has been elected a director and counsel for the Commercial Bank of St. Augustine. His Putnam friends wish him a full measure of success.

Growers Making Money.

The late crops in this section are making money for the growers and many of them are recouping their losses on other crops. Several growers who lost their potato crops by frost, planted the ground in tomatoes, and are now receiving \$2.00 per crate f. o. b. Sanford.

The movement of vegetables of the tomato, cucumber, pepper, green corn and other varieties has been very active during the week. One grower will market \$5,000 worth of green corn from a 10-acre tract, from which he secured two crops of lettuce and one of celery during the season. The corn crop has net cost him \$5.00 an acre to produce.

There is considerable activity in city and farm property. Several transactions in building lots were made during the week and the building prospects are fair for the summer. Considerable farm property is being sold and some new lands are being cleared and made ready for fall planting.—Sanford Herald.

Important Real Estate Deal.

Mr. W. A. Crosby, of San Mateo, purchased through E. E. Haskell, Esq., of this city Saturday, a half interest in 2,148 acres of timber land in this county, lying between San Mateo and Dunn's lake, consideration \$5,200. He is undecided as to whether he will lease it for turpentine purposes or cut it into ties and logs.—Times-Herald.
